Richmond R-XVI Food Service Information

Lunch Cards are used throughout the District. Students use the debit card program to purchase meals. Students deposit money into meal accounts and each purchase is deducted from their account. Students should bring meal money in an envelope with the child's name, account number and the amount of money being deposited on the front. Checks are to be made out to "Richmond R-XVI School District." Students eligible for the free or reduced meals program also use this card system. Student cards are mandatory for all students and faculty. If any card is lost, the student must purchase another card in the school's office for $1. Extras will NOT be served to students that have a negative account balance.
